Dear Oakridge Estates Homeowners,

Thank you very much for the opportunity to allow our team to become your new landscape maintenance provider. We are pleased that you have placed your trust in us to maintain your common area landscape. Our goal is to make certain that the community is completely satisfied with our service.

ValleyCrest Companies is constantly finding new ways to add value for our customers. We feel that the one thing that sets us apart is the service you will receive. With Account Managers living in the communities we provide service, and keeping them in condensed areas, response times are greatly reduced. Also, our crews are professionally trained and certified to deliver high quality landscape maintenance services while exhibiting a professional, safe and courteous demeanor.

There is much learning to be absorbed over the next several months and we look forward to answering the questions as they arise. We are your landscape manager – we worry about your landscape so you don't have to. We will keep the HOA Board updated on important horticultural, arborist, water management, irrigation and safety issues on your property on a regular basis.

Sincerely,

Valley Crest Landscape Maintenance
